Privacy Act Notice: Section 111 of title 17 of the United States Code authorizes the Copyright Offce to collect the personally identifying information (PII) requested on th form in order to process your statement of account. PII is any personal information that can be used to identify or trace an individual, such as name, address and telephone numbers. By providing PII, you are agreeing to the routine use of it to establish and maintain a public record, which includes appearing in the Offce's public indexes and in search reports prepared for the public. The effect of not providing the PII requested is that it may delay processing of your statement of account and its placement in the completed record of statements of account, and it may affect the legal sufficiency of the fling, a determination that would be made by a court of law.

Secondary Transmission Service: Subscribers and Rates

SECONDARY TRANSMISSION SERVICE: SUBSCRIBERS AND RATES

In General: The information in space E should cover all categories of secondary transmission service of the cable system, that is, the retransmission of television and radio broadcasts by your system to subscribers. Give information about other services (including pay cable) in space F, not here. All the facts you state must be those existing on the last day of the accounting period (June 30 or December 31, as the case may be).

Number of Subscribers: Both blocks in space E call for the number of subscribers to the cable system, broken down by categories of secondary transmission service. In general, you can compute the number of subscribers in each category by counting the number of billings in that category (the number of persons or organizations charged separately for the particular service at the rate indicated—not the number of sets receiving service).

Rate: Give the standard rate charged for each category of service. Include both the amount of the charge and the unit in which it is generally billed. (Example: "\$20/mth"). Summarize any standard rate variations within a particular rate category, but do not include discounts allowed for advance payment.

Block 1: In the left-hand block in space E, the form lists the categories of secondary transmission service that cable systems most commonly provide to their subscribers. Give the number of subscribers and rate for each listed category that applies to your system. **Note:** Where an individual or organization is receiving service that falls under different categories, that person or entity should be counted as a subscriber in each applicable category. Example: a residential subscriber who pays extra for cable service to additional sets would be included in the count under "Service to the first set" and would be counted once again under "Service to additional set(s)."

Block 2: If your cable system has rate categories for secondary transmission service that are different from those printed in block 1 (for example, tiers of services that include one or more secondary transmissions), list them, together with the number of subscribers and rates, in the right-hand block. A two- or three-word description of the service is sufficient.

Services Other Than Secondary Transmissions: Rates

SERVICES OTHER THAN SECONDARY TRANSMISSIONS: RATES

In General: Space F calls for rate (not subscriber) information with respect to all your cable system's services that were not covered in space E, that is, those services that are not offered in combination with any secondary transmission service for a single fee. There are two exceptions: you do not need to give rate information concerning (1) services furnished at cost or (2) services or facilities furnished to nonsubscribers. Rate information should include both the amount of the charge and the unit in which it is usually billed. If any rates are charged on a variable per-program basis, enter only the letters "PP" in the rate column.

Block 1: Give the standard rate charged by the cable system for each of the applicable services listed.

Block 2: List any services that your cable system furnished or offered during the accounting period that were not listed in block 1 and for which a separate charge was made or established. List these other services in the form of a brief (two- or three-word) description and include the rate for each.

Part-Time Carriage Log

PART-TIME CARRIAGE LOG

In General: This space ties in with column 5 of space G. If you listed a station's basis of carriage as "LAC" for part-time carriage due to lack of activated channel capacity, you are required to complete this log giving the total dates and hours your system carried that station. If you need more space, please attach additional pages.

Column 1 (Call sign): Give the call sign of every distant station whose basis of carriage you identified by "LAC" in column 5 of space G.

Column 2 (Dates and hours of carriage): For each station, list the dates and hours when part-time carriage occurred during the accounting period.

- Give the month and day when the carriage occurred. Use numerals, with the month first. Example: for April 10 give "4/10"
- State the starting and ending times of carriage to the nearest quarter hour. In any case where carriage ran to the end of the television station's broadcast day, you may give an approximate ending hour, followed by the abbreviation "app." Example: "12:30 a.m.—3:15 a.m. app."
- You may group together any dates when the hours of carriage were the same. Example: "5/10-5/14, 6:00 p.m.–12:00 p.m."

ACCOUNTING PERIOD: 2020/1

INSTRUCTIONS FOR DSE SCHEDULE WHAT IS A "DSE"

The term "distant signal equivalent" (DSE) generally refers to the numerica value given by the Copyright Act to each distant television station carried by a cable system during an accounting period. Your system's total number of DSEs determines the royalty you owe. For the full definition, see page (v) of the General Instructions in the paper SA3 form.

FORMULAS FOR COMPUTING A STATION'S DSE

There are two different formulas for computing DSEs: (1) a basic formula for all distant stations listed in space G (page 3), and (2) a special formula for those stations carried on a substitute basis and listed in space I (page 5). (Note that if a particular station is listed in both space G and space I, a DSE must be computed twice for that station: once under the basic formula and again under the special formula. However, a station's total DSE is not to exceed its full type-value. If this happens, contact the Licensing Division.)

BASIC FORMULA: FOR ALL DISTANT STATIONS LISTED IN SPACE G OF SA3E (LONG FORM)

Step 1: Determine the station's type-value. For purposes of computing DSEs, the Copyright Act gives different values to distant stations depending upon their type. If, as shown in space G of your statement of accoun (page 3), a distant station is:

• Independent: its type-value is	1.00
Network: its type-value is	0.25
Noncommercial educational: its type-value is	0.25
Note that local stations are not counted at all in computing DSEs	

Note that local stations are not counted at all in computing DSEs.

Step 2: Calculate the station's basis of carriage value: The DSE of a station also depends on its basis of carriage. If, as shown in space C of your Form SA3E, the station was carried part time because of lack of activated channel capacity, its basis of carriage value is determined by (1) calculating the number of hours the cable system carried the station during the accounting period, and (2) dividing that number by the total number or hours the station broadcast over the air during the accounting period. The basis of carriage value for all other stations listed in space G is 1.0.

Step 3: Multiply the result of step 1 by the result of step 2. This gives you the particular station's DSE for the accounting period. (Note that for stations other than those carried on a part-time basis due to lack of activated channel capacity, actual multiplication is not necessary since the DSE will always be the same as the type value.)

SPECIAL FORMULA FOR STATIONS LISTED IN SPACE I OF SA3E (LONG FORM)

Step 1: For each station, calculate the number of programs that, during the accounting period, were broadcast live by the station and were substituted for programs deleted at the option of the cable system.

(These are programs for which you have entered "Yes" in column 2 and "P" in column 7 of space I.)

Step 2: Divide the result of step 1 by the total number of days in the calendar year (365—or 366 in a leap year). This gives you the particula station's DSE for the accounting period.

TOTAL OF DSEs

In part 5 of this schedule you are asked to add up the DSEs for all of the distant television stations your cable system carried during the accounting period. This is the total sum of all DSEs computed by the basic formula and by the special formula.

THE ROYALTY FEE

The total royalty fee is determined by calculating the minimum fee and the base rate fee. In addition, cable systems located within certain television market areas may be required to calculate the 3.75 fee and/or the Syndicated Exclusivity Surcharge. Note: Distant multicast streams are not subject to the 3.75 fee or the Syndicated Exclusivity Surcharge. Distant simulcast streams are not subject to any royalty payment

The 3.75 Fee. If a cable system located in whole or in part within ε television market added stations after June 24, 1981, that would not have been permitted under FCC rules, regulations, and authorizations (hereafter referred to as "the former FCC rules") in effect on June 24, 1981, the system must compute the 3.75 fee using a formula based on the number of DSEs added. These DSEs used in computing the 3.75 fee will not be used in computing the base rate fee and Syndicated Exclusivity Surcharge

The Syndicated Exclusivity Surcharge. Cable systems located in whole or in part within a major television market, as defined by FCC rules and regulations, must calculate a Syndicated Exclusivity Surcharge for the carriage of any commercial VHF station that places a grade B contour, ir whole or in part, over the cable system that would have been subject to the FCC's syndicated exclusivity rules in effect on June 24, 1981

The Minimum Fee/Base Rate Fee/3.75 Percent Fee. All cable systems fling SA3E (Long Form) must pay at least the minimum fee, which is 1.064 percent of gross receipts. The cable system pays either the minimum fee or the sum of the base rate fee and the 3.75 percent fee, whichever is larger, and a Syndicated Exclusivity Surcharge, as applicable

What is a "Permitted" Station? A permitted station refers to a distant station whose carriage is not subject to the 3.75 percent rate but is subject to the base rate and, where applicable, the Syndicated Exclusivity Surcharge. A permitted station would include the following:

- 1) A station actually carried within any portion of a cable system prior to June 25, 1981, pursuant to the former FCC rules.
- 2) A station first carried after June 24, 1981, which could have beer carried under FCC rules in effect on June 24, 1981, if such carriage would not have exceeded the market quota imposed for the importation of distant stations under those rules.
- 3) A station of the same type substituted for a carried network, non-commercial educational, or regular independent station for which a quota was or would have been imposed under FCC rules (47 CFR 76.59 (b),(c), 76.61 (b),(c),(d), and 767.63 (a) [referring to 76.61 (b),(d)] in effect on June 24, 1981.
- 4) A station carried pursuant to an individual waiver granted between April 16, 1976, and June 25, 1981, under the FCC rules and regulations in effect on April 15, 1976.
- 5) In the case of a station carried prior to June 25, 1981, on a part-time and/or substitute basis only, that fraction of the current DSE represented by prior carriage.

NOTE: If your cable system carried a station that you believe qualifies as a permitted station but does not fall into one of the above categories, please attach written documentation to the statement of account detailing the basis for its classification.

Substitution of Grandfathered Stations. Under section 76.65 of the former FCC rules, a cable system was not required to delete any statior that it was authorized to carry or was lawfully carrying prior to March 31 1972, even if the total number of distant stations carried exceeded the market quota imposed for the importation of distant stations. Carriage of these grandfathered stations is not subject to the 3.75 percent rate but is subject to the Base Rate, and where applicable, the Syndicatec Exclusivity Surcharge. The Copyright Royalty Tribunal has stated its view that, since section 76.65 of the former FCC rules would not have permitted substitution of a grandfathered station, the 3.75 percent Rate applies to a station substituted for a grandfathered station if carriage of the station exceeds the market quota imposed for the importation of distant stations.

COMPUTING THE 3.75 PERCENT RATE—PART 6 OF THE DSE SCHEDULE

- Determine which distant stations were carried by the system pursuan to former FCC rules in effect on June 24, 1981.
- Identify any station carried prior to June 25, 198I, on a substitute and/o part-time basis only and complete the log to determine the portion of the DSE exempt from the 3.75 percent rate.
- Subtract the number of DSEs resulting from this carriage from the number of DSEs reported in part 5 of the DSE Schedule. This is the total number of DSEs subject to the 3.75 percent rate. Multiply these DSEs by gross receipts by .0375. This is the 3.75 fee.

COMPUTING THE SYNDICATED EXCLUSIVITY SURCHARGE—PART 7 OF THE DSE SCHEDULE

- Determine if any portion of the cable system is located within a top 100
 major television market as defined by the FCC rules and regulations in
 effect on June 24, 1981. If no portion of the cable system is located ir
 a major television market, part 7 does not have to be completed.
- Determine which station(s) reported in block B, part 6 are commercial VHF stations and place a grade B contour, in whole, or in part, over the cable system. If none of these stations are carried, part 7 does not have to be completed.
- Determine which of those stations reported in block b, part 7 of the DSE Schedule were carried before March 31,1972. These stations are exempt from the FCC's syndicated exclusivity rules in effect on June 24 1981. If you qualify to calculate the royalty fee based upon the carriage of partially-distant stations, and you elect to do so, you must compute the surcharge in part 9 of this schedule.
- Subtract the exempt DSEs from the number of DSEs determined in block B of part 7. This is the total number of DSEs subject to the Syndicated Exclusivity Surcharge.
- Compute the Syndicated Exclusivity Surcharge based upon these DSEs and the appropriate formula for the system's market position.

COMPUTING THE BASE RATE FEE—PART 8 OF THE DSE SCHEDULE

Determine whether any of the stations you carried were partially distant—that is, whether you retransmitted the signal of one or more stations to subscribers located within the station's local service area and, at the same time, to other subscribers located outside that area.

 If none of the stations were partially distant, calculate your base rate fee according to the following rates—for the system's permitted DSEs as reported in block B, part 6 or from part 5, whichever is applicable.
 First DSE
 1.064% of gross receipts

Each of the second, third, and fourth DSEs 0.701% of gross receipts The fifth and each additional DSE 0.330% of gross receipts

PARTIALLY DISTANT STATIONS—PART 9 OF THE DSE SCHEDULE

- · If any of the stations were partially distant:
- 1. Divide all of your subscribers into subscriber groups depending on their location. A particular subscriber group consists of all subscribers who are distant with respect to exactly the same complement of stations.
 - 2. Identify the communities/areas represented by each subscriber group.
- 3. For each subscriber group, calculate the total number of DSEs of that group's complement of stations.

If your system is located wholly outside all major and smaller television markets, give each station's DSEs as you gave them in parts 2, 3, and 4 of the schedule; or

If any portion of your system is located in a major or smaller television market, give each station's DSE as you gave it in block B, part 6 of this schedule.

4. Determine the portion of the total gross receipts you reported in space K (page 7) that is attributable to each subscriber group.

- Calculate a separate base rate fee for each subscriber group, using
 (1) the rates given above; (2) the total number of DSEs for that group's complement of stations; and (3) the amount of gross receipts attributable to that group.
- 6. Add together the base rate fees for each subscriber group to determine the system's total base rate fee.
- 7. If any portion of the cable system is located in whole or in part within a major television market, you may also need to complete part 9, block B of the Schedule to determine the Syndicated Exclusivity Surcharge.

What to Do If You Need More Space on the DSE Schedule. There are no printed continuation sheets for the schedule. In most cases, the blanks provided should be large enough for the necessary information. If you need more space in a particular part, make a photocopy of the page in question (identifying it as a continuation sheet), enter the additional information on that copy, and attach it to the DSE schedule.

Rounding Off DSEs. In computing DSEs on the DSE schedule, you may round off to no less than the third decimal point. If you round off a DSE in any case, you must round off DSEs throughout the schedule as follows:

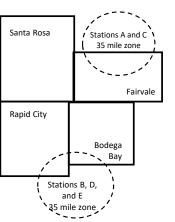

- When the fourth decimal point is 1, 2, 3, or 4, the third decimal remains unchanged (example: .34647 is rounded to .346).
- When the fourth decimal point is 5, 6, 7, 8, or 9, the third decimal is rounded up (example: .34651 is rounded to .347).

The example below is intended to supplement the instructions for calculating only the base rate fee for partially distant stations. The cable system would also be subject to the Syndicated Exclusivity Surcharge for partially distant stations, if any portion is located within a major television market.

EXAMPLE:

COMPUTATION OF COPYRIGHT ROYALTY FEE FOR CABLE SYSTEM CARRYING PARTIALLY DISTANT STATIONS

In most cases under current FCC rules, all of Fairvale would be within the local service area of both stations A and C and all of Rapid City and Bodega Bay would be within the local service areas of stations B, D, and E.

	Distant Stations Carried		Identification of	of Subscriber Groups	
	STATION	DSE	CITY	OUTSIDE LOCAL	GROSS RECEIPTS
nin	A (independent)	1.0		SERVICE AREA OF	FROM SUBSCRIBERS
s	B (independent)	1.0	Santa Rosa	Stations A, B, C, D ,E	\$310,000.00
)-	C (part-time)	0.083	Rapid City	Stations A and C	100,000.00
	D (part-time)	0.139	Bodega Bay	Stations A and C	70,000.00
	E (network)	0.25	Fairvale	Stations B, D, and E	120,000.00
	TOTAL DSFs	2 472		TOTAL GROSS RECEIPTS	\$600,000,00

 Minimum Fee Total Gross Receipts
 \$600,000.00

 x
 .01064

 \$6,384.00

First Subscriber Group (Santa Rosa)		Second Subscriber Group (Rapid City and Bodega Bay)		Third Subscriber Group (Fairvale)	
Gross receipts	\$310,000.00	Gross receipts	\$170,000.00	Gross receipts	\$120,000.00
DSEs	2.472	DSEs	1.083	DSEs	1.389
Base rate fee	\$6,497.20	Base rate fee	\$1,907.71	Base rate fee	\$1,604.03
\$310,000 x .01064 x 1.0 =	3,298.40	\$170,000 x .01064 x 1.0 =	1,808.80	\$120,000 x .01064 x 1.0 =	1,276.80
\$310,000 x .00701 x 1.472 =	3,198.80	\$170,000 x .00701 x .083 =	98.91	\$120,000 x .00701 x .389 =	327.23
Base rate fee	\$6,497.20	Base rate fee	\$1,907.71	Base rate fee	\$1,604.03

Total Base Rate Fee: \$6,497.20 + \$1,907.71 + \$1,604.03 = \$10,008.94

In this example, the cable system would enter \$10,008.94 in space L, block 3, line 1 (page 7)

	SECTION 4: SECOND 50 TELEVISION MARKET		
Section 4a	Did your cable system retransmit the signals of any partially distant television stations during the accounting period? Tes—Complete part 9 of this schedule. X No—Complete the applicable section below.		
	If the figure in section 2, line C is 4.000 or less, compute your surcharge here and leave section 4b blank. NOTE: If the D is 1.0 or less, multiply the gross receipts by 0.003 by the DSE. Enter the result on line A below. A. Enter 0.00300 of gross receipts (the amount in section 1)	SE	
	B. Enter 0.00189 of gross receipts (the amount in section 1) ▶ \$		
	C.Subtract 1.000 from total permitted DSEs (the fgure on line C in section 2) and enter here		
	D. Multiply line B by line C and enter here	_	
	E. Add lines A and D. This is your surcharge. Enter here and on line 2 of block 4 in space L (page 7) Syndicated Exclusivity Surcharge.

7 Computation	Section 4b	If the figure in section 2, line C is more than 4.000, compute your surcharge here and leave section 4a blank. A. Enter 0.00300 of gross receipts (the amount in section 1)						
of the Syndicated Exclusivity Surcharge		B. Enter 0.00189 of gross receipts (the amount in section 1)						
J		D. Enter 0.00089 of gross receipts (the amount in section 1)▶\$						
		E. Subtract 4.000 from the total DSEs (the figure on line C in						
		section 2) and enter here						
		G. Add lines A, C, and F. This is your surcharge.						
		Enter here and on line 2, block 4, space L (page 7) Syndicated Exclusivity Surcharge						
8 Computation of Base Rate Fee	You m 6 was In blo If you If you blank What i	ust complete this part of the DSE schedule for the SUM OF PERMITTED DSEs in part 6, block B; however, if block A of packed "Yes," use the total number of DSEs from part 5. cock A, indicate, by checking "Yes" or "No," whether your system carried any partially distant stations. ur answer is "No," compute your system's base rate fee in block B. Leave part 9 blank. ur answer is "Yes" (that is, if you carried one or more partially distant stations), you must complete part 9. Leave block B be a partially distant station? A station is "partially distant" if, at the time your system carried it, some of your subscribers be cated within that station's local service area and others were located outside that area. For the definition of a station's "local service area," see page (v) of the general instructions.	elow					
	BLOCK A: CARRIAGE OF PARTIALLY DISTANT STATIONS							
	• Did y	our cable system retransmit the signals of any partially distant television stations during the accounting period?						
	Yes—Complete part 9 of this schedule. X No—Complete the following sections.							
		BLOCK B: NO PARTIALLY DISTANT STATIONS—COMPUTATION OF BASE RATE FEE						
	Section 1	Enter the amount of gross receipts from space K (page 7) ▶ \$ 1,225,538	.81_					
	Section 2	Enter the total number of permitted DSEs from block B, part 6 of this schedule. (If block A of part 6 was checked "Yes," use the total number of DSEs from part 5.)	0.00					
	Section 3	If the figure in section 2 is 4.000 or less , compute your base rate fee here and leave section 4 blank. NOTE: If the DSE is 1.0 or less, multiply the gross receipts by 0.01064 by the DSE. Enter the result on line A below.						
		A. Enter 0.01064 of gross receipts (the amount in section 1)	<u>-</u>					
		B. Enter 0.00701 of gross receipts (the amount in section 1) ▶ _ \$ 8,591.03						
		C. Subtract 1.000 from total DSEs (the figure in section 2) and enter here -						
		D. Multiply line B by line C and enter here	<u>-</u>					
		E. Add lines A, and D. This is your base rate fee. Enter here and in block 3, line 1, space L (page 7)

	G. Add lines A, C, and F. This is your base rate fee. Enter here and in block 3, line 1, space L (page 7) Base Rate Fee \$ 0.00	
First: station DSEs Finally NOTE also co if your How to Step 1 carried the san Step 3 subscr system Comp groups In each • Ident • Give subscr • If: 1) your and 4 • 2) any	eral: If any of the stations you carried were partially distant, the statute allows you, in computing your base rate fee, to exclude a from subscribers located within the station's local service area, from your system's total gross receipts. To take advantage of this on, you must: Divide all of your subscribers into subscriber groups, each group consisting entirely of subscribers that are distant to the same or the same group of stations. Next: Treat each subscriber group as if it were a separate cable system. Determine the number of and the portion of your system's gross receipts attributable to that group, and calculate a separate base rate fee for each group. Add up the separate base rate fees for each subscriber group. That total is the base rate fee for your system. If any portion of your cable system is located within the top 100 television market and the station is not exempt in part 7, you must impute a Syndicated Exclusivity Surcharge for each subscriber group. In this case, complete both block A and B below. However, cable system is wholly located outside all major television markets, complete block A only. In It also the subscriber Group for Partially Distant Stations For each community served, determine the local service area of each wholly distant and each partially distant station you to that community. For each wholly distant and each partially distant station you carried, determine which of your subscribers were located the station's local service area. A subscriber located outside the local service area of a station is distant to that station (and, by ne token, the station is distant to the subscriber.) Divide your subscribers into subscriber groups according to the complement of stations to which they are distant. Each the group must consist entirely of subscribers who are distant to exactly the same complement of stations. Note that a cable will have only one subscriber group when the distant stations it carried have local service areas that coincide.	Computation of Base Rate Fee and Syndicated Exclusivity Surcharge for Partially Distant Stations, and for Partially Permitted Stations
• Calcu	he DSEs for each station. This gives you the total DSEs for the particular subscriber group. late gross receipts for the subscriber group. For further explanation of gross receipts see page (vii) of the general instructions paper SA3 form.	

• Compute a base rate fee for each subscriber group using the formula outline in block B of part 8 of this schedule on the preceding page. In making this computation, use the DSE and gross receipts figure applicable to the particular subscriber group (that is, the total DSEs for that group's complement of stations and total gross receipts from the subscribers in that group). You do not need to show your

actual calculations on the form.

SYSTEM ID# LEGAL NAME OF OWNER OF CABLE SYSTEM: Name 63398 Camden Telephone & Telegraph Company, Inc. Guidance for Computing the Royalty Fee for Partially Permitted/Partially NonPermitted Signals Step 1: Use part 9, block A, of the DSE Schedule to establish subscriber groups to compute the base rate fee for wholly and partially permitted distant signals. Write "Permitted Signals" at the top of the page. Note: One or more permitted signals in these subscriber groups may be partially distant. Step 2: Use a separate part 9, block A, to compute the 3.75 percent fee for wholly nonpermitted and partially nonpermitted distant signals. Write "Nonpermitted 3.75 stations" at the top of this page. Multiply the subscriber group gross receipts by total DSEs by .0375 and enter the grand total 3.75 percent fees on line 2, block 3, of space L. Important: The sum of the gross receipts reported for each part 9 used in steps 1 and 2 must equal the amount reported in space K. Step 3: Use part 9, block B, to compute a syndicated exclusivity surcharge for any wholly or partially permitted distant signals from step 1 that is subject to this surcharge. Guidance for Computing the Royalty Fee for Carriage of Distant and Partially Distant Multicast Streams Step 1: Use part 9, Block A, of the DSE Schedule to report each distant multicast stream of programming that is transmitted from a primary television broadcast signal. Only the base rate fee should be computed for each multicast stream. The 3.75 Percent Rate and Syndicated Exclusivity Surcharge are not applicable to the secondary transmission of a multicast stream. You must report but not assign a DSE value for the retransmission of a multicast stream that is the subject of a written agreement entered into on or before June 30, 2009 between a cable system or an association representing the cable system and a primary transmitter or an association representing the primary transmitter.
