Privacy Act Notice: Section 115 of title 17 of the *United States Code* authorizes the Copyright Office to collect the personally identifying information (PII) requested for each NOI and cover sheet. PII is any personal information that can be used to identify, contact, or trace an individual, such as names, addresses, and telephone numbers. By providing PII, you are agreeing to the routine use of it to establish and maintain a public record, which includes appearing in the Office's public indexes, including on the Office's public website, and in search reports prepared for the public. The effect of not providing the PII requested is that it may delay processing of your NOI, and it may affect the legal sufficiency of your filing, a determination that would be made by a court of law.
