This is the total number of DSEs used to compute the surcharge.</p> <p><b>Step 4:</b> Compute the surcharge for each subscriber group using the formula outlined in block D, section 3 or 4 of part 7 of this schedule. In making this computation, use gross receipts figures applicable to the particular group. You do not need to show your actual calculations on this form.</p> <table border="1" style="width: 100%; border-collapse: collapse; margin-top: 10px;"><thead><tr><th style="width: 50%; text-align: center;">THIRTY-THIRD SUBSCRIBER GROUP</th><th style="width: 50%; text-align: center;">THIRTY-FOURTH SUBSCRIBER GROUP</th></tr></thead><tbody><tr><td style="padding: 5px;">Line 1: Enter the VHF DSEs . . . . . <input style="width: 100px;" type="text"/></td><td style="padding: 5px;">Line 1: Enter the VHF DSEs . . . . . <input style="width: 100px;" type="text"/></td></tr><tr><td style="padding: 5px;">Line 2: Enter the Exempt DSEs . . . . . <input style="width: 100px;" type="text"/></td><td style="padding: 5px;">Line 2: Enter the Exempt DSEs . . . . . <input style="width: 100px;" type="text"/></td></tr><tr><td style="padding: 5px;">Line 3: Subtract line 2 from line 1<br/>and enter here. This is the total number of DSEs used to compute the surcharge.<br><b>Step 4:</b> Compute the surcharge for each subscriber group using the formula outlined in block D, section 3 or 4 of part 7 of this schedule. In making this computation, use gross receipts figures applicable to the particular group. You do not need to show your actual calculations on this form.                     |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                |
