| <p>If your cable system is located within a top 100 television market and the station is not exempt in Part 7, you must also compute a Syndicated Exclusivity Surcharge. Indicate which major television market any portion of your cable system is located in as defined by section 76.5 of FCC rules in effect on June 24, 1981:</p> <p style="text-align: center;"><input type="checkbox"/> First 50 major television market                      <input type="checkbox"/> Second 50 major television market</p> <p><b>INSTRUCTIONS:</b></p> <p><b>Step 1:</b> In line 1, give the total DSEs by subscriber group for commercial VHF Grade B contour stations listed in block A, part 9 of this schedule.</p> <p><b>Step 2:</b> In line 2, give the total number of DSEs by subscriber group for the VHF Grade B contour stations that were classified as Exempt DSEs in block C, part 7 of this schedule. If none enter zero.</p> <p><b>Step 3:</b> In line 3, subtract line 2 from line 1. This is the total number of DSEs used to compute the surcharge.</p> <p><b>Step 4:</b> Compute the surcharge for each subscriber group using the formula outlined in block D, section 3 or 4 of part 7 of this schedule. In making this computation, use gross receipts figures applicable to the particular group. You do not need to show your actual calculations on this form.</p> |      |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                |                                                                                                                                                                                                                                                                                                                         |  |  |
| <p>If your cable system is located within a top 100 television market and the station is not exempt in Part 7, you must also compute a Syndicated Exclusivity Surcharge. Indicate which major television market any portion of your cable system is located in as defined by section 76.5 of FCC rules in effect on June 24, 1981:</p> <p style="text-align: center;"><input type="checkbox"/> First 50 major television market                      <input type="checkbox"/> Second 50 major television market</p> <p><b>INSTRUCTIONS:</b><br/><b>Step 1:</b> In line 1, give the total DSEs by subscriber group for commercial VHF Grade B contour stations listed in block A, part 9 of this schedule.<br/><b>Step 2:</b> In line 2, give the total number of DSEs by subscriber group for the VHF Grade B contour stations that were classified as Exempt DSEs in block C, part 7 of this schedule. If none enter zero.<br/><b>Step 3:</b> In line 3, subtract line 2 from line 1. This is the total number of DSEs used to compute the surcharge.<br/><b>Step 4:</b> Compute the surcharge for each subscriber group using the formula outlined in block D, section 3 or 4 of part 7 of this schedule. In making this computation, use gross receipts figures applicable to the particular group. You do not need to show your actual calculations on this form.</p>                                                                                                                                                                                                                                                                                                                                                                                                                              |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                |                                                                                                                                                                                                                                                                                                                         |  |  |
| <p>If your cable system is located within a top 100 television market and the station is not exempt in Part 7, you must also compute a Syndicated Exclusivity Surcharge. Indicate which major television market any portion of your cable system is located in as defined by section 76.5 of FCC rules in effect on June 24, 1981:</p> <p style="text-align: center;"><input type="checkbox"/> First 50 major television market                      <input type="checkbox"/> Second 50 major television market</p> <p><b>INSTRUCTIONS:</b><br/><b>Step 1:</b> In line 1, give the total DSEs by subscriber group for commercial VHF Grade B contour stations listed in block A, part 9 of this schedule.<br/><b>Step 2:</b> In line 2, give the total number of DSEs by subscriber group for the VHF Grade B contour stations that were classified as Exempt DSEs in block C, part 7 of this schedule. If none enter zero.<br/><b>Step 3:</b> In line 3, subtract line 2 from line 1. This is the total number of DSEs used to compute the surcharge.<br/><b>Step 4:</b> Compute the surcharge for each subscriber group using the formula outlined in block D, section 3 or 4 of part 7 of this schedule. In making this computation, use gross receipts figures applicable to the particular group. You do not need to show your actual calculations on this form.</p> | <p>If your cable system is located within a top 100 television market and the station is not exempt in Part 7, you must also compute a Syndicated Exclusivity Surcharge. Indicate which major television market any portion of your cable system is located in as defined by section 76.5 of FCC rules in effect on June 24, 1981:</p> <p style="text-align: center;"><input type="checkbox"/> First 50 major television market                      <input type="checkbox"/> Second 50 major television market</p> <p><b>INSTRUCTIONS:</b></p> <p><b>Step 1:</b> In line 1, give the total DSEs by subscriber group for commercial VHF Grade B contour stations listed in block A, part 9 of this schedule.</p> <p><b>Step 2:</b> In line 2, give the total number of DSEs by subscriber group for the VHF Grade B contour stations that were classified as Exempt DSEs in block C, part 7 of this schedule. If none enter zero.</p> <p><b>Step 3:</b> In line 3, subtract line 2 from line 1. This is the total number of DSEs used to compute the surcharge.</p> <p><b>Step 4:</b> Compute the surcharge for each subscriber group using the formula outlined in block D, section 3 or 4 of part 7 of this schedule. In making this computation, use gross receipts figures applicable to the particular group. You do not need to show your actual calculations on this form.</p> |                                                             |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                             |                                                                                                                                                                                                                                        |  |  |
| <p>If your cable system is located within a top 100 television market and the station is not exempt in Part 7, you must also compute a Syndicated Exclusivity Surcharge. Indicate which major television market any portion of your cable system is located in as defined by section 76.5 of FCC rules in effect on June 24, 1981:</p> <p style="text-align: center;"><input type="checkbox"/> First 50 major television market                      <input type="checkbox"/> Second 50 major television market</p> <p><b>INSTRUCTIONS:</b></p> <p><b>Step 1:</b> In line 1, give the total DSEs by subscriber group for commercial VHF Grade B contour stations listed in block A, part 9 of this schedule.</p> <p><b>Step 2:</b> In line 2, give the total number of DSEs by subscriber group for the VHF Grade B contour stations that were classified as Exempt DSEs in block C, part 7 of this schedule. If none enter zero.</p> <p><b>Step 3:</b> In line 3, subtract line 2 from line 1. This is the total number of DSEs used to compute the surcharge.</p> <p><b>Step 4:</b> Compute the surcharge for each subscriber group using the formula outlined in block D, section 3 or 4 of part 7 of this schedule. In making this computation, use gross receipts figures applicable to the particular group. You do not need to show your actual calculations on this form.</p> | <p>If your cable system is located within a top 100 television market and the station is not exempt in Part 7, you must also compute a Syndicated Exclusivity Surcharge. Indicate which major television market any portion of your cable system is located in as defined by section 76.5 of FCC rules in effect on June 24, 1981:</p> <p style="text-align: center;"><input type="checkbox"/> First 50 major television market                      <input type="checkbox"/> Second 50 major television market</p> <p><b>INSTRUCTIONS:</b></p> <p><b>Step 1:</b> In line 1, give the total DSEs by subscriber group for commercial VHF Grade B contour stations listed in block A, part 9 of this schedule.</p> <p><b>Step 2:</b> In line 2, give the total number of DSEs by subscriber group for the VHF Grade B contour stations that were classified as Exempt DSEs in block C, part 7 of this schedule. If none enter zero.</p> <p><b>Step 3:</b> In line 3, subtract line 2 from line 1. This is the total number of DSEs used to compute the surcharge.</p> <p><b>Step 4:</b> Compute the surcharge for each subscriber group using the formula outlined in block D, section 3 or 4 of part 7 of this schedule. In making this computation, use gross receipts figures applicable to the particular group. You do not need to show your actual calculations on this form.</p> |
