Privacy Act Notice: Section 111 of Title 17 of the United States Code authorizes the Copyright Office to collect the personally identifying information (PII) requested on this form in order to process your statement of account. PII is any personal information that can be used to identify or trace an individual, such as name, address, and telephone numbers. By providing PII, you are agreeing to the routine use of it to establish and maintain a public record, which includes appearing in the Office's public indexes and in search reports prepared for the public. The effect of not providing the PII requested is that it may delay processing of your statement of account and its placement in the completed record of statements of account, and it may affect the legal sufficiency of the filing, a determination that would be made by a court of law.

Instructions: List each separate community served by the cable system. A "community" is the same as a "community unit" as defined in FCC rules: "a separate and distinct community or municipal entity (including unincorporated communities within unincorporated areas and including single, discrete unincorporated areas." 47 C.F.R. §76.5(dd). The first community that you list will serve as a form of system identification hereafter known as the "first community." Please use it as the first community on all future filings.

Note: Entities and properties such as hotels, apartments, condominiums, or mobile home parks should be reported in parentheses below the identified city or town.

If all communities receive the same complement of television broadcast stations (i.e., one channel line-up for all), then either associate all communities with the channel line-up "A" in the appropriate column below or leave the column blank. If you report any stations on a partially distant or partially permitted basis in the DSE Schedule, associate each relevant community with a subscriber group, designated by a number (based on your reporting from Part 8).

When reporting the carriage of television broadcast stations on a community-by-community basis, associate each community with a channel line-up designated by an alpha-letter(s) (based on your Space G reporting) and a subscriber group designated by a number (based on your reporting from Part 8 of the DSE Schedule) in the appropriate columns below.

LEGAL NAME OF OWNER OF CABLE SYSTEM: MARCUS CABLE OF ALABAMA, LLC	SYSTEM ID# 032972	Name
---	------------------------------------	------

PRIMARY TRANSMITTERS: TELEVISION

In General: In space G, identify every television station (including translator stations and low power television stations) carried by your cable system during the accounting period, except (1) stations carried only on a part-time basis under FCC rules and regulations in effect on June 24, 1981, permitting the carriage of certain network programs [sections 76.59(d)(2) and (4), 76.61(e)(2) and (4), or 76.63 (referring to 76.61(e)(2) and (4))]; and (2) certain stations carried on a substitute program basis, as explained in the next paragraph.

Substitute Basis Stations: With respect to any distant stations carried by your cable system on a substitute program basis under specific FCC rules, regulations, or authorizations:

- Do not list the station here in space G—but do list it in space I (the Special Statement and Program Log)—if the station was carried only on a substitute basis.
- List the station here, and also in space I, if the station was carried both on a substitute basis and also on some other basis. For further information concerning substitute basis stations, see page (v) of the general instructions located in the paper SA3 form.

Column 1: List each station's call sign. Do not report origination program services such as HBO, ESPN, etc. Identify each multicast stream associated with a station according to its over-the-air designation. For example, report multi-cast stream as "WETA-2". Simulcast streams must be reported in column 1 (list each stream separately; for example WETA-simulcast).

Column 2: Give the channel number the FCC has assigned to the television station for broadcasting over-the-air in its community of license. For example, WRC is Channel 4 in Washington, D.C. This may be different from the channel on which your cable system carried the station.

Column 3: Indicate in each case whether the station is a network station, an independent station, or a noncommercial educational station, by entering the letter "N" (for network), "N-M" (for network multicast), "I" (for independent), "I-M" (for independent multicast), "E" (for noncommercial educational), or "E-M" (for noncommercial educational multicast). For the meaning of these terms, see page (v) of the general instructions located in the paper SA3 form.

Column 4: If the station is outside the local service area, (i.e. "distant"), enter "Yes". If not, enter "No". For an explanation of local service area, see page (v) of the general instructions located in the paper SA3 form.

Column 5: If you have entered "Yes" in column 4, you must complete column 5, stating the basis on which your cable system carried the distant station during the accounting period. Indicate by entering "LAC" if your cable system carried the distant station on a part-time basis because of lack of activated channel capacity.

For the retransmission of a distant multicast stream that is not subject to a royalty payment because it is the subject of a written agreement entered into on or before June 30, 2009, between a cable system or an association representing the cable system and a primary transmitter or an association representing the primary transmitter, enter the designation "E" (exempt). For simulcasts, also enter "E". If you carried the channel on any other basis, enter "O." For a further explanation of these three categories, see page (v) of the general instructions located in the paper SA3 form.

Column 6: Give the location of each station. For U.S. stations, list the community to which the station is licensed by the FCC. For Mexican or Canadian stations, if any, give the name of the community with which the station is identified.

Note: If you are utilizing multiple channel line-ups, use a separate space G for each channel line-up.

Substitute Basis Stations: With respect to any distant stations carried by your cable system on a substitute program basis under specific FCC rules, regulations, or authorizations:

- Do not list the station here in space G—but do list it in space I (the Special Statement and Program Log)—if the station was carried only on a substitute basis.
- List the station here, and also in space I, if the station was carried both on a substitute basis and also on some other basis. For further information concerning substitute basis stations, see page (v) of the general instructions located in the paper SA3 form.

Column 1: List each station's call sign. Do not report origination program services such as HBO, ESPN, etc. Identify each multicast stream associated with a station according to its over-the-air designation. For example, report multi-cast stream as "WETA-2". Simulcast streams must be reported in column 1 (list each stream separately; for example WETA-simulcast).

Column 2: Give the channel number the FCC has assigned to the television station for broadcasting over-the-air in its community of license. For example, WRC is Channel 4 in Washington, D.C. This may be different from the channel on which your cable system carried the station.

Column 3: Indicate in each case whether the station is a network station, an independent station, or a noncommercial educational station, by entering the letter "N" (for network), "N-M" (for network multicast), "I" (for independent), "I-M" (for independent multicast), "E" (for noncommercial educational), or "E-M" (for noncommercial educational multicast). For the meaning of these terms, see page (v) of the general instructions located in the paper SA3 form.

Column 4: If the station is outside the local service area, (i.e. "distant"), enter "Yes". If not, enter "No". For an explanation of local service area, see page (v) of the general instructions located in the paper SA3 form.

Column 5: If you have entered "Yes" in column 4, you must complete column 5, stating the basis on which your cable system carried the distant station during the accounting period. Indicate by entering "LAC" if your cable system carried the distant station on a part-time basis because of lack of activated channel capacity.

For the retransmission of a distant multicast stream that is not subject to a royalty payment because it is the subject of a written agreement entered into on or before June 30, 2009, between a cable system or an association representing the cable system and a primary transmitter or an association representing the primary transmitter, enter the designation "E" (exempt). For simulcasts, also enter "E". If you carried the channel on any other basis, enter "O." For a further explanation of these three categories, see page (v) of the general instructions located in the paper SA3 form.

Column 6: Give the location of each station. For U.S. stations, list the community to which the station is licensed by the FCC. For Mexican or Canadian stations, if any, give the name of the community with which the station is identified.

Note: If you are utilizing multiple channel line-ups, use a separate space G for each channel line-up.

BLOCK A: TELEVISION MARKETS

**Computation of
3.75 Fee**

Is the cable system located wholly outside of all major and smaller markets as defined under section 76.5 of FCC rules and regulations in effect on June 24, 1981?

Yes—Complete part 8 of the schedule—DO NOT COMPLETE THE REMAINDER OF PART 6 AND 7.

No—Complete blocks B and C below.

BLOCK B: CARRIAGE OF PERMITTED DSEs

Column 1: List the call signs of distant stations listed in part 2, 3, and 4 of this schedule that your system was permitted to carry under FCC rules and regulations prior to June 25, 1981. For further explanation of permitted stations, see the instructions for the DSE Schedule. (Note: The letter M below refers to an exempt multicast stream as set forth in the Satellite Television Extension and Localism Act of 2010.)

Column 2: Enter the appropriate letter indicating the basis on which you carried a permitted station. (Note the FCC rules and regulations cited below pertain to those in effect on June 24, 1981.)

BASIS OF PERMITTED CARRIAGE

A Stations carried pursuant to the FCC market quota rules [76.57, 76.59(b), 76.61(b)(c), 76.63(a) referring to 76.61(b)(c)]

B Specialty station as defined in 76.5(kk) (76.59(d)(1), 76.61(e)(1), 76.63(a) referring to 76.61(e)(1)

C Noncommercial educational station [76.59(c), 76.61(d), 76.63(a) referring to 76.61(d)]

D Grandfathered station (76.65) (see paragraph regarding substitution of grandfathered stations in the instructions for DSE schedule).

E Carried pursuant to individual waiver of FCC rules (76.7)

*F A station previously carried on a part-time or substitute basis prior to June 25, 1981

M Retransmission of a distant multicast stream.

Column 3: List the DSE for each distant station listed in parts 2, 3, and 4 of the schedule.
 *(Note: For those stations identified by the letter "F" in column 2, you must complete the worksheet on page 14 of this schedule to determine the DSE.)

7 Computation of Base Rate Fee	<p>Instructions: You must complete this part of the DSE schedule for the SUM OF PERMITTED DSEs in part 6, block B; however, if block A of part 6 was checked "Yes," use the total number of DSEs from part 5.</p> <ul style="list-style-type: none"> • In block A, indicate, by checking "Yes" or "No," whether your system carried any partially distant stations. • If your answer is "No," compute your system's base rate fee in block B. Leave part 8 blank. • If your answer is "Yes" (that is, if you carried one or more partially distant stations), you must complete part 8. Leave block B below blank. <p>What is a partially distant station? A station is "partially distant" if, at the time your system carried it, some of your subscribers were located within that station's local service area and others were located outside that area. For the definition of a station's "local service area," see page (v) of the general instructions.</p>

	<p>IMPORTANT: It is no longer necessary to report television signals on a system-wide basis. Carriage of television broadcast signals shall instead be reported on a community-by-community basis (subscriber groups) if the cable system reported multiple channel line-ups in Space G.</p> <p>In General: If any of the stations you carried were partially distant, the statute allows you, in computing your base rate fee, to exclude receipts from subscribers located within the station's local service area, from your system's total gross receipts. To take advantage of this exclusion, you must:</p> <p>First: Divide all of your subscribers into subscriber groups, each group consisting entirely of subscribers that are distant to the same station or the same group of stations. Next: Treat each subscriber group as if it were a separate cable system. Determine the number of DSEs and the portion of your system's gross receipts attributable to that group, and calculate a separate base rate fee for each group.</p> <p>Finally: Add up the separate base rate fees for each subscriber group. That total is the base rate fee for your system.</p> <p>NOTE: If any portion of your cable system is located within the top 100 television market and the station is not exempt in part 7, you must also compute a Syndicated Exclusivity Surcharge for each subscriber group. In this case, complete both block A and B below. However, if your cable system is wholly located outside all major television markets, complete block A only.</p> <p>How to Identify a Subscriber Group for Partially Distant Stations</p> <p>Step 1: For each community served, determine the local service area of each wholly distant and each partially distant station you carried to that community.</p> <p>Step 2: For each wholly distant and each partially distant station you carried, determine which of your subscribers were located outside the station's local service area. A subscriber located outside the local service area of a station is distant to that station (and, by the same token, the station is distant to the subscriber.)</p> <p>Step 3: Divide your subscribers into subscriber groups according to the complement of stations to which they are distant. Each subscriber group must consist entirely of subscribers who are distant to exactly the same complement of stations. Note that a cable system will have only one subscriber group when the distant stations it carried have local service areas that coincide.</p> <p>Computing the base rate fee for each subscriber group: Block A contains separate sections, one for each of your system's subscriber groups.</p> <p>In each section:</p> <ul style="list-style-type: none"> • Identify the communities/areas represented by each subscriber group. • Give the call sign for each of the stations in the subscriber group's complement—that is, each station that is distant to all of the subscribers in the group. • If: <ol style="list-style-type: none"> 1) your system is located wholly outside all major and smaller television markets, give each station's DSE as you gave it in parts 2, 3, and 4 of this schedule; or, 2) any portion of your system is located in a major or smaller television market, give each station's DSE as you gave it in block B, part 6 of this schedule. • Add the DSEs for each station. This gives you the total DSEs for the particular subscriber group. • Calculate gross receipts for the subscriber group. For further explanation of gross receipts see page (vii) of the general instructions in the paper SA3 form. • Compute a base rate fee for each subscriber group using the formula outline in block B of part 8 of this schedule on the preceding page. In making this computation, use the DSE and gross receipts figure applicable to the particular subscriber group (that is, the total DSEs for that group's complement of stations and total gross receipts from the subscribers in that group). You do not need to show your actual calculations on the form. 		<p>8</p> <p>Computation of Base Rate Fee for Partially Distant Stations, and for Partially Permitted Stations</p>
