RE: TDS Broadband Service, LLC – 2019/1
St. George, UT (ID #20591)

Dear Ms. Weber:

In Space G of the above referenced Statement of Account, call signs KCSG and KCSG-DT2 were reported as local. In part 9 of the DSE schedule, these signals were reported distant to Group 2. Please review and correct all applicable parts of the statement.

If you believe a refund is due, please complete the enclosed Library of Congress Vendor Information Request form in its entirety and return to this office along with a copy of this letter. You may fax this information to me at (202) 707-0905. The refund will be considered for authorization after receipt of this form.

The submission of a Statement of Account lacking the required information or fees may jeopardize the validity of your statutory license, and your secondary transmission activity may be subject to full liability under the copyright act. Without a statutory license, a cable system could be sued by copyright owners for the full range of civil remedies for copyright infringement, including injunctions, actual damages and profits, or statutory damages (of up to \$150,000 in cases of willful infringement). The statute also provides for criminal penalties in cases of willful infringement for commercial purposes.

Please send your response by email or fax. If you have any questions, I can be reached at (202) 707-8129, or via email at jema@copyright.gov.

Sincerely,

Jessica Martin
Licensing Examiner
