Dear Ms. Haakendstad:

Based on the amount of gross receipts reported (\$525,320.34) in Space K of the Statement of Account an incorrect form has been used. The SA-3 form completed is for cable systems with gross receipts more than \$527,600. The correct form appears to be the SA-1-2. Please complete and return the correct form, which can be obtained at [www.copyright.gov/licensing](http://www.copyright.gov/licensing).

Due to filing the wrong form, there appears to be a \$3,160.85 overpayment of the royalty fee. The correct royalty fee is \$3,934.20 but the amount submitted was \$7,095.05. If you agree, a completed EFT form should accompany your response. Please note, filing fees for the originally filed SA-3 of \$725 and the corrected SA-2 of \$20 will be subtracted from any approved refund.

The submission of a Statement of Account lacking the required information or fees may jeopardize the validity of your statutory license, and your secondary transmission activity may be subject to full liability under the copyright act. Without a statutory license, a cable system could be sued by copyright owners for the full range of civil remedies for copyright infringement, including injunctions, actual damages and profits, or statutory damages (of up to \$150,000 in cases of willful infringement). The statute also provides for criminal penalties in cases of willful infringement for commercial purposes.

To expedite the process, we request that you e-mail or fax your response if possible. Please contact me with any questions or concerns.

Sincerely,
