Work of the Visual Arts

Application Format: Standard
REGISTRATION PROCESS OVERVIEW

Standard Application - Registration Process Overview

The Standard Application may be used to register most works, including an original work, a derivative work, a collective work, or a compilation.

If the Copyright Office determines that your work cannot be registered with the Standard Application, your claim may be refused, or there may be delays in the examination of your claim that could require the payment of an additional fee and a later effective date of registration for your claim.

Exceptions

The Standard Application may be used to register **1 work** (including 1 collective work or 1 derivative work). To register the following types of works, please return to the "Home" screen and select one of the 'Other Registration Options' listed on that screen:

- 2 or more unpublished works. Return to the "Home" screen and select "Register a Group of Unpublished Works"
- 2 or more photographs. Return to the "Home" screen and select "Register a Group of Photographs"
- 2 or more issues of a serial, newspaper, newsletter, or 2 or more contributions that were published in a periodical. Return to the "Home" screen and select "Register Certain Groups of Published Works"

Likewise, this application may not be used to register the works listed below. To register these types of works, you must complete a paper application:

- A registration for a group of updates to a non-photographic database
- A renewal registration
- Foreign works that have been restored to copyright protection
- Mask works and vessel designs

This application may not be used to correct an error in an existing registration, or to amplify the information given in an existing registration. For this type of request, please return to the "Home" screen and select the option for "Correct or Amplify an Existing Registration".

To Complete the Application for Registration you must:

1. **Provide all required information on the application form**
2. **Pay the required fee**
3. **Upload or mail in a copy of your work**

If your work is eligible for the Standard Application, click the "Start Registration" button.

Publication/Completion

Publication results from the distribution of copies of a work to the public by sale or other transfer of ownership, or by rental, lease, or licensing. A work is also "published" if there has been an offering to distribute copies to a group of persons for purposes of further distribution, public performance, or public display. A public performance or display does not, by itself, constitute "publication".

For information on the publication of works online, click here. Indicate whether this work has been published by selecting either "yes" or "no" from the drop-down list below.
